Subject: RE: Full SFIREG - Leadership Meeting (June 3-4, 2019 @ 5 PM-6 PM One Potomac Yard)

Anthony,
Shannon will have the locations; however, keep in mind that this meeting is between Liza and Rose and Rick, Ed, and Wynne- deliberately high level.

Subject: FW: Full SFIREG - Leadership Meeting (June 3-4, 2019 @ 5 PM-6 PM One Potomac Yard)

We received this email from SFIREG and were wondering if you had reserved a room for the closed door session so I can invite OECA management?

Thanks,

Anthony Matusik

Subject: Full SFIREG - Leadership Meeting (June 3-4, 2019 @ 5 PM-6 PM One Potomac Yard)

As I believe you know, the leadership of AAPCO/SFIREG historically have met immediately following the adjournment of Full SFIREG Meetings (as well as Joint Working Committee Meetings) on the first day. The meeting is limited to the senior leadership of AAPCO SFIREG (SFIREG Chair, SFIREG Working Committee Chairs, AAPCO President and any attending Board Members) along with senior EPA Leadership including both OPP (the last meeting included both Rick Keigwin and Ed Messina) and OECA. At one time, OECA was represented during these meetings, however, in recent memory, has not been. This is an opportunity to meet to discuss specific issues or concerns regarding pesticide programs including enforcement and compliance programs.

We would like to again include OECA in the Leadership Meetings. As I am unsure who may be the appropriate contact, I have taken the liberty and included you all in this email. For the upcoming meeting, we have identified a list of items that are of interest and we are in the process of prioritizing the items for discussion as we know we do not have enough time to discuss them all. In no specific order, they include:

- Hemp - designation as a raw agricultural commodity (assuming this cannot be discussed during the general session or additional discussion is needed);
- Revised State Certification Plans - concerns regarding completion by March 4, 2020; and status of post PREP resources identified as needed;
- EPA's re-evaluation of 24c process;
- Status of Section 24c Guidance (submitted January 2019);
- Long Term Strategic Plan for Label Improvement - Voluntary Guidance to Improve Compliance and Understanding;
- Cooperative Agreement Guidance and workload renegotiation;
- Dicamba; and
- Neonics - Voluntary Cancellation

I am hopeful OECA will be able to attend these meetings moving forward.

Thank you and I look forward to hearing from you.

LFT

Liza Fleeson Trossbach, SFIREG Chair
